Market commentary: The VN-Index traded in tight range after recent rise

The VN-Index fluctuated around its reference level before rising by 2.4pts to 1,080.9pts. The VN-Index opened with a slight drop after yesterday's profit-taking activities. Although there were some advances in the Materials and Construction sector in the early trading session, that was not enough to prevent the index from correcting. The profit-taking activities emerged in the afternoon, overwhelming the rebound effort of the VN-Index. Bearish financial large caps of VCB and BID fell under strong selling pressure, making the index retreat to the intraday low of ..pts. However, the index movement reversed rapidly near the closing, as the Materials and Real estate sector increased suddenly. VHM was the biggest supporter today, jumping 2.4% to close at VND52,200 and alone adding 3.7pts to the index's advance. Other top market movers included CTG (+1.2%), HPG (+1.9%), HDB (+2.9%), and GVR (+1.6%). On the other hand, VIC (-2.3%), BID (-1.9%), VPB (-0.9%), STB (-2.4%), and SAB (-0.8%) were among the top laggards. At the end of the session, the VN-Index increased by 0.2% to end at 1,080.9pts, while the HNX-Index also edged up 0.9% to 212.6pts.

Materials (+1.5%), Industrials (+1.2%), and Energy (+0.5%) rose, while Consumer Staples (-0.1%) and Financials (-0.0%) lost ground today. Top index movers included VHM (+2.4%), HPG (+1.9%), CTG (+1.2%), HDB (+2.9%), and GVR (+1.6%). Top index laggards consisted of VIC (-2.3%), BID (-1.1%), VPB (-0.9%), STB (-2.4%), and SAB (-0.8%). Top three major put-through transactions were EIB with 18m shares (VND350.6bn), VLW with 9.7m shares (VND189.7bn), and SHB with 16.4m shares (VND183.8bn).

Foreigner's net bought on HOSE to the amount of VND233.9bn, while net sold on HNX to the amount of VND29.2bn. They mainly bought HPG (VND84.9bn), VHM (VND78.6bn), and VRE (VND78.5bn); and mainly sold STB (VND101.8bn), PNJ (VND59.2bn), and VRE (VND50.9bn)..

DISCLAIMER

This report has been prepared by VNDIRECT or one of its affiliates for distribution in Vietnam and overseas. The information herein is believed by VNDIRECT to be reliable and is based on public sources believed to be reliable. With exception of information about VNDIRECT, VNDIRECT makes no representation about the accuracy of such information.

Options, estimates and projection expressed in this report represent the current views of the author at the date of publication only. They do not necessarily reflect the opinions of VNDIRECT and are subject to change without notice. VNDIRECT has no obligation to update, amend or in any way modify this report or otherwise notify a reader thereof in the event that any of the subject matter or opinion, projection or estimate contained within it changes or becomes inaccurate.

The information herein was obtained from various sources and we do not guarantee its accuracy or completeness. Prices and availability of financial instruments are also subject to change without notice.

This published research may be considered by VNDIRECT when buying or selling proprietary positions or positions held by funds under its management. VNDIRECT may trade for its own account as a result of short-term trading suggestions from analysts and may also engage in securities transactions in a manner inconsistent with this report and opinions expressed therein.

Neither the information nor any opinion expressed in this report constitutes an offer, nor an invitation to make an offer, to buy or sell any securities or any option, futures or other derivative instruments in any jurisdiction. Nor should it be construed as an advertisement for any financial instruments.

Officers of VNDIRECT may have a financial interest in securities mentioned in this report or in related instruments. This research report is prepared for general circulation for general information only. It does not have regard to the specific investment objectives, financial situation or particular needs of any person who may receive or read this report.

Investors should note that the prices of securities fluctuate and may rise and fall. Past performance, if any, is no guide to the future. The financial instruments discussed in this report may not be suitable for all investors. Investors must make their own financial decisions based on their independent financial advisors as they believe necessary and based on their particular financial situation and investment objectives.

This report may not be copied, reproduced, published or redistributed by any person for any purpose without the express permission of VNDIRECT in writing. Please cite sources when quoting.
